Amendment to the claims:

The following listing of claims will replace all prior versions, and listings, of claims in this application.

Listing of claims:

1. - 18. (cancelled)

19. (currently amended) A method for treating a subject afflicted with androgen-independent prostate cancer, wherein the prostate cancer is characterized by overexpression of Her-2/neu protein, which method comprises administering to the subject (i) a therapeutically effective amount of ~~HERCEPTIN~~ Trastuzumab in conjunction with (ii) a therapeutically effective amount of paclitaxel, wherein treatment with ~~HERCEPTIN~~ Trastuzumab and paclitaxel inhibits prostate cancer growth more than treatment with either ~~HERCEPTIN~~ Trastuzumab alone or paclitaxel alone, so as to thereby treat the subject afflicted with androgen-independent prostate cancer.

20. - 30. (cancelled)
